(If this is an application for a new service and the application is approved, the applicant will be responsible for a plumbing permit fee, system connection fee(s) and installation fees. Installation of services includes extension from the City's main line to the applicant's property line. These fees will be calculated upon approval of application and are due payable prior to installation of service(s) Applicant acknowledges that they have read and understood the terms of Ord. No. 991215-783, which pertains to connection fees).

- A legal description of the property.
- If this is an application for a new service(s), a site plan that includes the dimensions of the property and a location on the property that the applicant would like the water/sewer service(s) extended to. The services will be extended from the City's main line to applicant's property line only.
